Launched our New 3-year Strategy.

Aim 1:

BUILD A STRONG SENSE OF IDENTITY, PURPOSE, AND BELONGING WITHIN THE COMMUNITY.

Strategic Goal: Strengthening our internal culture and external relationships so that all our stakeholders feel connected, valued, and part of a shared mission.

Objectives:

- Communicate our values and strategic aims through various platforms.
- Foster a culture of inclusion and co-production in all that we do.
- Build a shared identity through regular communication with stakeholders.
- Develop our team to ensure they are equipped to deliver our mission.
- Celebrate community achievements.

Aim 2:

A PROACTIVE SERVICE DELIVERY THAT MEETS THE NEEDS OF THE COMMUNITY

Strategic Goal: To deliver high-quality, accessible and user-centred services that address inequalities, promote well-being and empower residents.

Objectives:

- A housing advice service that provides information and knowledge of residents' rights.
- Both our health and well-being and youth services are accessible by "seldom-heard" and "ethnically diverse" groups.
- Empower service users to make positive change by sharing knowledge and providing opportunities.
- Deliver services that help address health inequalities by reducing isolation and improving well-being.

Aim 3:

EVERYONE IN THE BOROUGH KNOWS WHO WE ARE AND WHAT WE DO

Strategic Goal: Strengthen our visibility and communications so that residents and stakeholders understand the value we bring to the local community.

Objectives:

- Become a learning and impact-led organisation.
- Raise awareness of the organisation and its partners' impact.
- Educate and empower the community using all our resources.
